

Work tables Duf

The Duf desk series with 38 mm desktops made of Dufaylite. A light and strong construction with a lot of advantages, especially environmental. The desktops are available in beech, birch, oak veneer and white high pressure laminate (K1040 UN).

The Duf desks are available with two types of stands and can be chosen in silver, white or chrome performance.

DUF means Dufaylite which is the name of our desks with light weight top which core consist of papers lamella looking like honeycomb structure.
