NEW PRODUCTS

We develop our products with a clear vision to provide an added value for the people who use our furniture. A value that shows in all our design news

Arc Stool – Design Jens Fager
Café Sofa – Design Andreas Engesvik
Piece Serve – Design TEA

NATIONALMUSEUM

When Jens was granted the honor of designing a stool for the Swedish National Museum, he enlisted the help of Edsbyn. The Arc Stool was born – A solid wooden stool that will stand the test of time, not just in the halls of the new Swedish National Museum but in many rooms the world over.

Experience Arc Stool in our stand!

MY SOUNDSPACE

Do you remember Sound Bubble 2.0? Our research project has now got a name – My Soundspace. This year we will present My Soundspace as several new prototypes together with an uniquely developed app.

Is it possible to add sound for a sense of silence?
