FEATHER FAMILY SILENT DESIGN WITH COMFORT AND CHARACTER

Feather, a furniture family with versatility, adaptable to different environments, offices, conference, restaurant, school and at home.

Chairs and tables with uniform expression – simple, clean, functional. The variation in colour, shape and materials give you the possibility to select a beautiful, harmonious interior with a personal touch.

Design: Jens Fager

FEATHER Lounge chair, stand in misty grey (7044), seat, back and armrest in leather: Cognac (54035).
FEATHER Lounge table in Carrara marble.

STANDARD OPTIONS

Configure your version of Edsbyn's products in: my.edsbyn.com

SPECIAL DESIGN

If you can't find what you're looking for, please ask your salesman or contact us via our website: www.edsbyn.com

NOTE

With the reservation of printing errors and the right to make adjustments without prior notice. The colours can vary due to the printing process.

NEAT SOCKETS (option)

The idea of NEAT Sockets is for all of the connections required in today's workplaces to be easily accessible. For this reason they are installed clearly visible in the table top. They also act as a decorative feature in their own right.

NEAT connections are available in both white and black version for electricity, USB, HDMI and CAT6 (RJ45) network outlets.

FEATHER IS AN EDGE FAMILY

CLASSIC

This segment, with a focus on price, is aimed at companies and organisations that want to create workplaces for a low price. With simple but stable designs in combination with fewer versions, materials and colours, prices are kept down.

BUSINESS

The segment with a focus on function. Classic is aimed at organisations and companies that want to create customer adapted and functional workplaces with long lifetimes for a low cost over the product life-cycle.

EDGE

The segment with a focus on design, aimed at companies and organisations that see a well-designed workplace as an important competitive advantage, both when it comes to employer branding to attract and retain competent employees and for reinforcing the brand through the office.

CERTIFICATES

CERTIFIED PRODUCTION

Edsbyverken is certified according to quality and environmental management standards: ISO 9001 and ISO 14001. We expect materials from our suppliers to fulfil the criteria for environmental certification – and we require our suppliers to accept ethical and social responsibility, just like Edsbyn does.

CERTIFIED PRODUCTS

Feather table and chairs are certified according to Möbelfakta. This means that: Technical quality standards for sustainability, stability and safety and for surface resistance. Environmental standards for materials and products. The environmental standards primarily relate to raw materials and components used during manufacture, while the product standards relate to the completed item of furniture. Producers and subcontractors undertake systematic occupational health and safety work and comply with current occupational health and safety legislation.

THE NORDIC ECOLABEL

Edsbyn was the first manufacturer of office furniture to be Nordic Ecolabelled. Our latest example of a Nordic Ecolabelled product is the Ease screen system which is manufactured from a material normally used for sound absorption in vehicles. It consists of recycled textiles and PET bottles, which makes Ease a good example of sustainable product development.

THE WORKING OFFICE

The human being is social.
So ideas and development take off
when we meet and work together. This means
the office is necessary as a meeting place even if
the work itself is changing. And new ways of working
demand new kinds of furniture that help the
office to function and the staff to deliver.

We call this
Edsbyn – the working office.
