# CLAIR CAFÉ SOFA

DESIGN ANDREAS ENGESVIK, OSLO

# CLAIR CAFÉ SOFA

A neat and elegant sofa that blurs the boundary between private and public spaces with its soft lines and practical functions. The seat height is ideal for cafes, restaurants and waiting rooms. Straight outer contours make it easy to place in a room, and a tasteful “crumb gap” keeps the furniture fresh and easy to clean.

# ARC STOOL

DESIGN JENS FAGER

# ARC STOOL

In collaboration with Edsbyn, Jens Fager designed the Arc Stool for the re-opening of the Nationalmuseum in autumn 2018. Arc Stool is a solid wooden stool with a characteristically Nordic design. The elegant lines and curves of the seat are borrowed right from the Swedish Nationalmuseum's architectural style. The masterfully turned legs and foot rest lend the stool its finer details, reflecting Jens Fager's deep respect for the wood.

# PRESS CHAIR

A trim and elegant shell chair in 3D-moulded veneers. The slender conformed seat offers a unique fit with a natural resilience in the back. The elegant lines of the shell combined with its robust frame give the chair character and a distinctive identity.
