

CLAIR CAFÉ SOFA

DESIGN ANDREAS ENGESVIK, OSLO

A neat and elegant sofa that blurs the boundary between private and public spaces with its soft lines and practical functions. With a higher seat height, the Clair Café Sofa is ideal for cafés, restaurants, libraries, and waiting rooms. The straight outer contours make it easy to place in a room, and allow several sofas to be combined back to back as well as side by side.

Clair Café Sofa is designed with a tasteful “crumb gap” that keeps the furniture piece fresh and easy to clean.
