

# ARC CHAIR

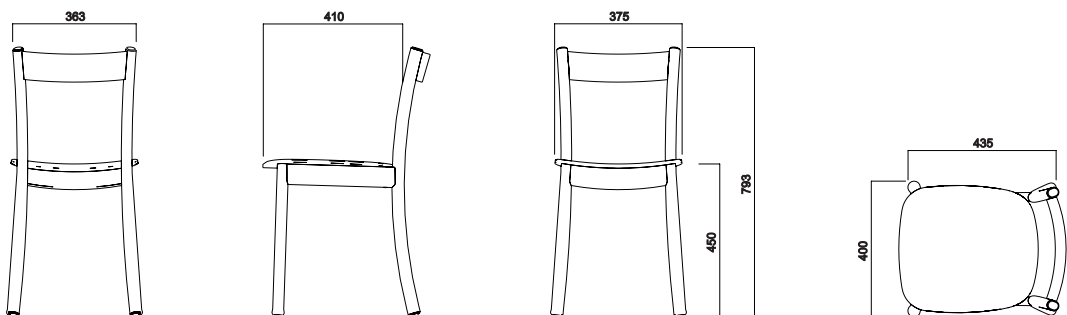

DESIGN BY JENS FAGER

An elegant and comfortable wooden chair which, due to its light weight, is easy to move around. This makes the Arch Chair perfect as a visitor chair and for environments such as dining rooms, cafés, meeting rooms and at home. With soft lines and edges in Scandinavian design, this seating piece of furniture will be a joy to sit in. At the same time as the high-quality solid wood offer a high level of comfort, sustainability is in focus. The chair's seat consists of molded veneer and the color choices are natural oak and white glazed ash.
