

EDSBYN

Piece

Piece is a family of furniture for creative work, presentations and meetings. Designed by TEA, Thomas Eriksson Arkitekter.

PIECE Table 2100 x 1400 + connected table 2100 x 1400, height 1060, black stand, one piece table top in black desktop, optional 3 x NEAT sockets in each.

PIECE – FOR CREATIVE MEETINGS

Piece is a family of furniture for creative work, presentations and meetings. Great care has been devoted to creating attractive, easy cable management.

The design is Scandinavian, modern and airy while the inclined legs give the tables tons of attitude.

The wall-mounted items consist of a laptop shelf, a glass whiteboard, open shelves, storages and a wardrobe. They combine straight, clean lines with white housings that are matched with the desired contrast colour to create interesting fittings.

Design: TEA, Thomas Eriksson Arkitekter

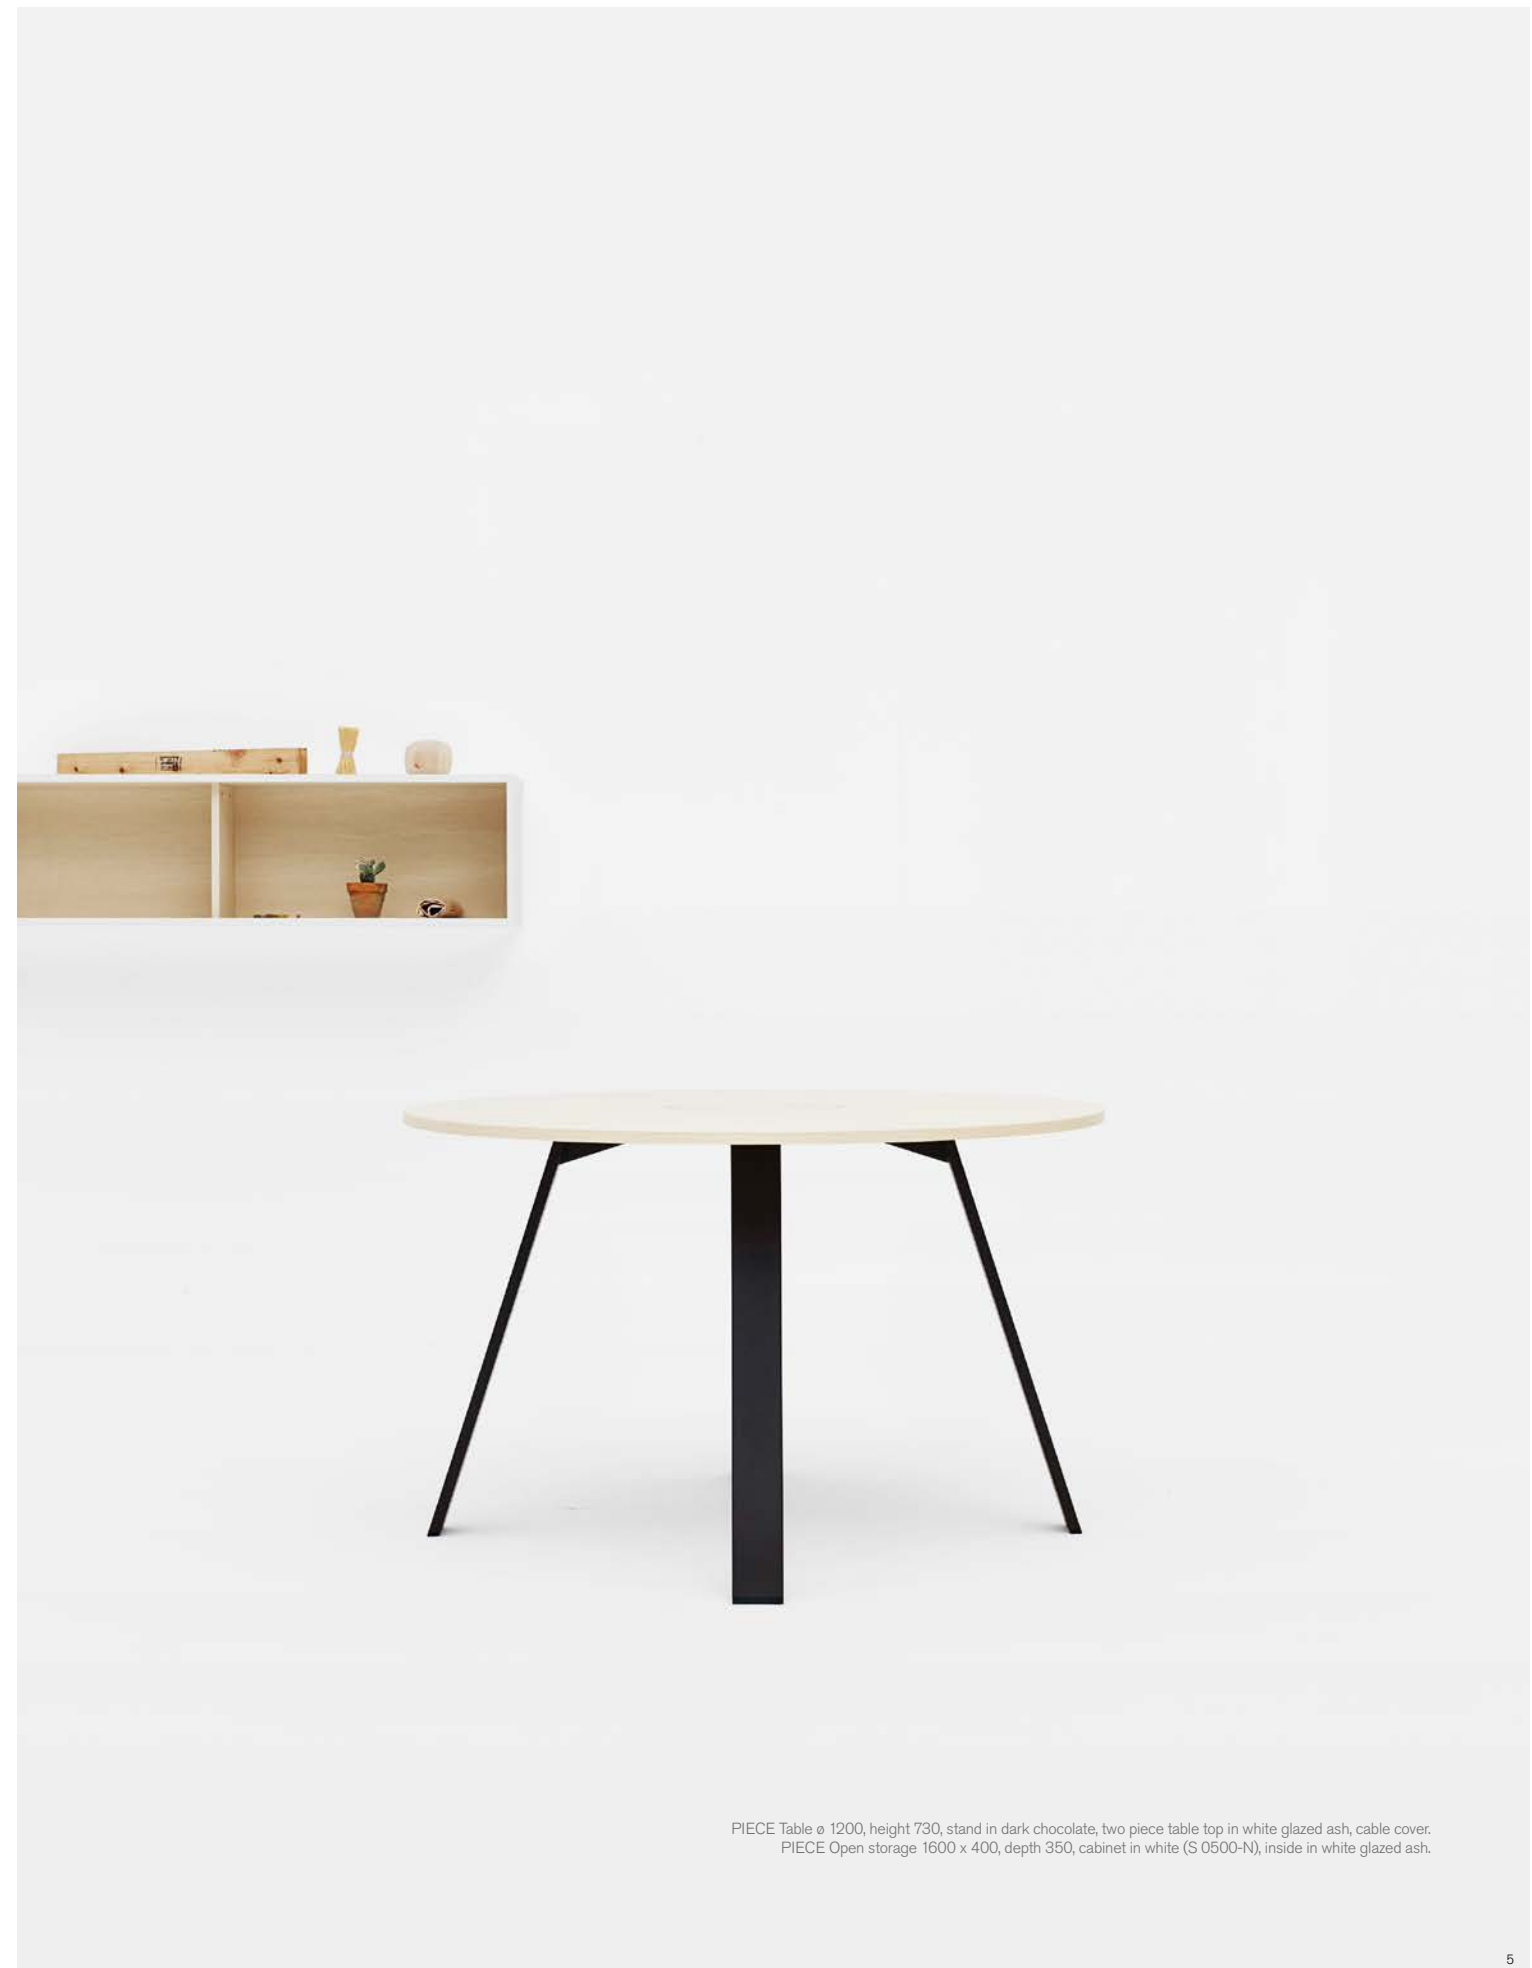

PIECE TABLE STIMULATES CREATIVITY

All tables have legs, but few have as much attitude as Piece, with its inclined legs. At the same time, generous surfaces lend themselves to both planned, spontaneous and creative meetings.

Choose from round or rectangular table tops, which can in principle be attached to as long a table as you like. Round tables are available in sizes up to ø 1800 mm with seating space for up to ten people.

The heights of 730, 900 and 1060 mm lend themselves to a variety of different working situations, from sitting to standing, made stable with sturdy steel legs.

The design means that a single table can fulfil a number of tasks; from the coffee or lunch room to the library or touch down workplaces in modern activity-based offices.

PIECE Table ø 1200, height 730, stand in dark chocolate, two piece table top in white glazed ash, cable cover.
PIECE Open storage 1600 x 400, depth 350, cabinet in white (S 0500-N), inside in white glazed ash.

PIECE Table 2100 x 1400, height 1060 stand in dark chocolate (8019), two piece table top in white glazed ash, cable door.
 PIECE Storage 1600 x 400, depth 350, cabinet in white (S 0500-N), sliding doors in nougat (S 6005-Y20R).
 PIECE Open storage. 1600 x 400, depth 350, cabinet in white (S 0500-N), inside in white glazed ash.
 FEATHER Stool large, stand in misty grey (7044), seat in leather: Elmosoft (54035). FEATHER Stool large, stand in fir green (6009), seat in fabric: Febrik Pitch (grass).

PIECE Table 2100 x 1400 + connected table 2100 x 1400, height 1060, black stand, one piece table top in black desktop, optional: 3 x NEAT sockets in each.
EASE Table screen in fabric: Blazer Life Retreat (HLTH 39).
FEATHER Stool large, stand in misty grey (7044), seat in leather: Elmosoft (54035), FEATHER Stool large, stand in fir green (6009), seat in fabric: Febrik Pitch (grass.)

PIECE MEDIA FURNITURE BRINGS ORDER TO CREATIVE CHAOS

The Piece series is constructed from four basic items:
a laptop shelf, a glass whiteboard, shelf sections and storages
of various sizes.

The design combines straight, clean lines and white frames
with interiors in contrast colour or veneer, while the laptop shelf
and whiteboard are available in all contrast colours.

Piece cabinets with doors are adapted for AV technology
with partly open backs for ventilation and concealed cable
management. They also have attractive penetrations
in top and bottom panels.

Intelligent wall hanging makes the series easy to install
and adjust horizontally. The design creates an airy feeling in
conference rooms, creative spaces and lounges etc.

PIECE Storage 1600 x 400, depth 350, white cabinet (S 0500-N), sliding doors in white frosted plexiglass. PIECE Open storage 1600 x 240, depth 200, white cabinet, inside nougat (S 6005-Y20R).

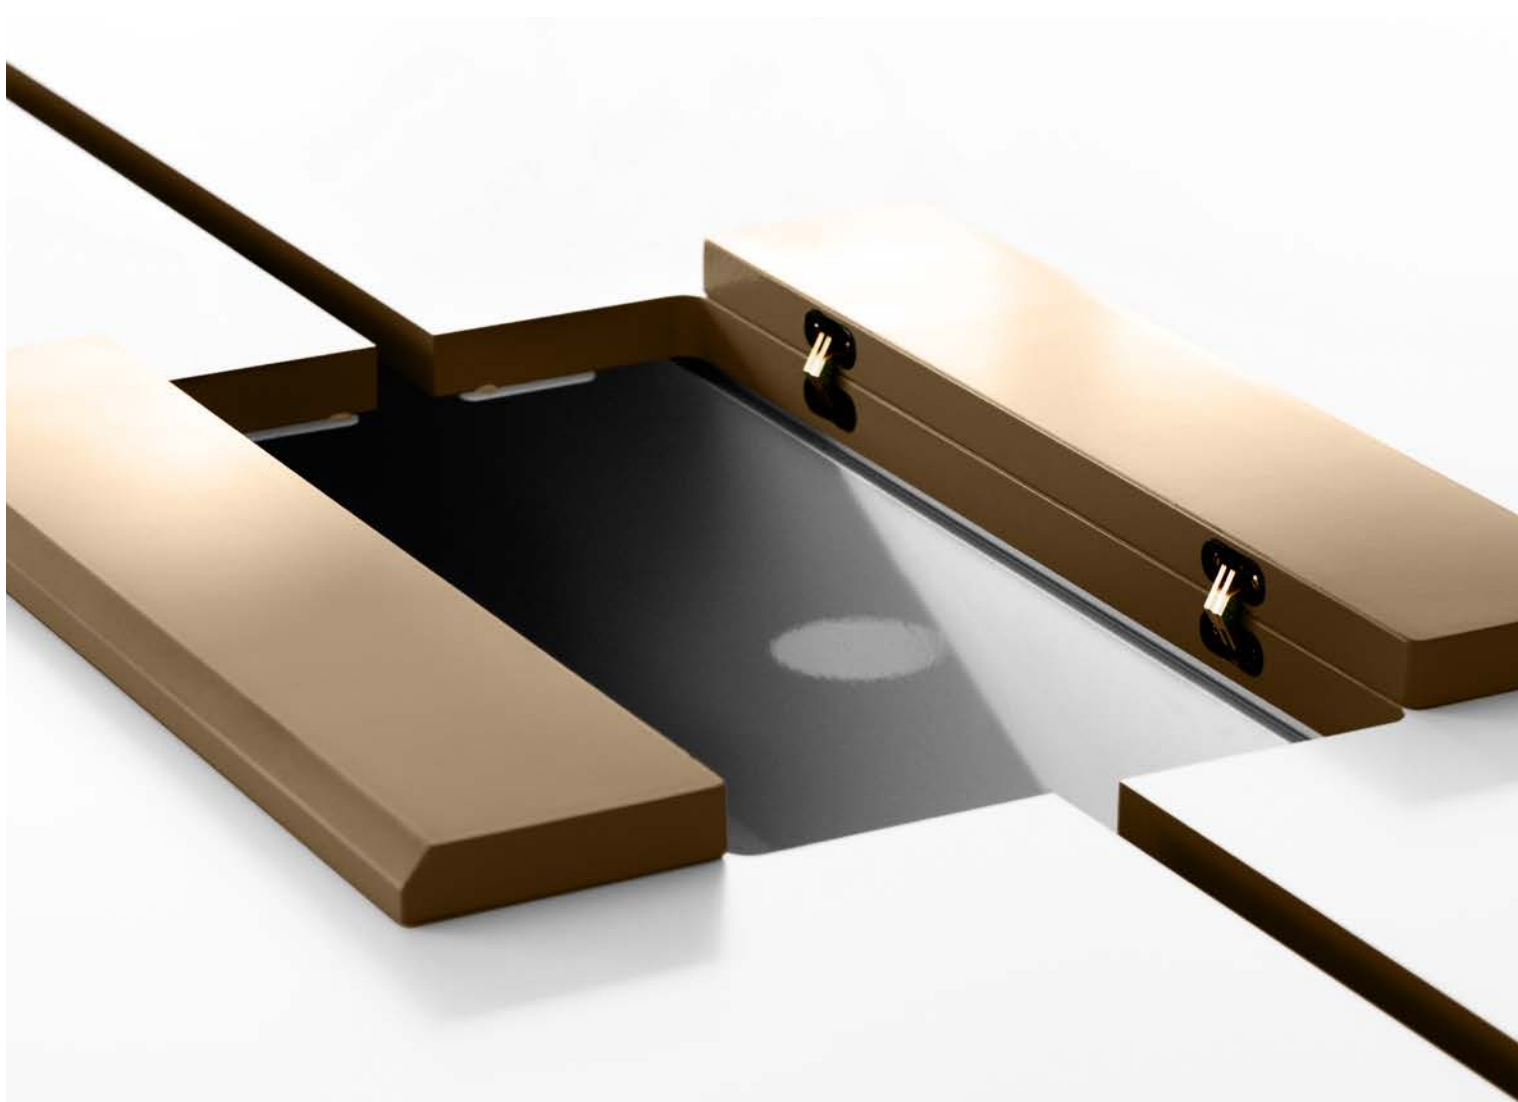

PIECE Open storage 800 x 240, depth 200, white cabinet (S 0500-N), inside nougat (S 6005-Y20R). PIECE Laptop shelf 800 x 750, depth 500 (inner 430), cabinet nougat (S 6005-Y20R).

PIECE WHITEBOARD IN GLASS...

PIECE Whiteboard in glass, 800 x1200, white + nougat (S 6005-Y20R).
PIECE Storage 800 x 400, depth 500, white cabinet and doors, glass top (S 6005-Y20R)
PIECE Table ø1200, height 730, white stand, two piece table top in white glazed ash.

... FOR CLASSY IDEAS AND MEETINGS

PIECE CABLE MANAGEMENT

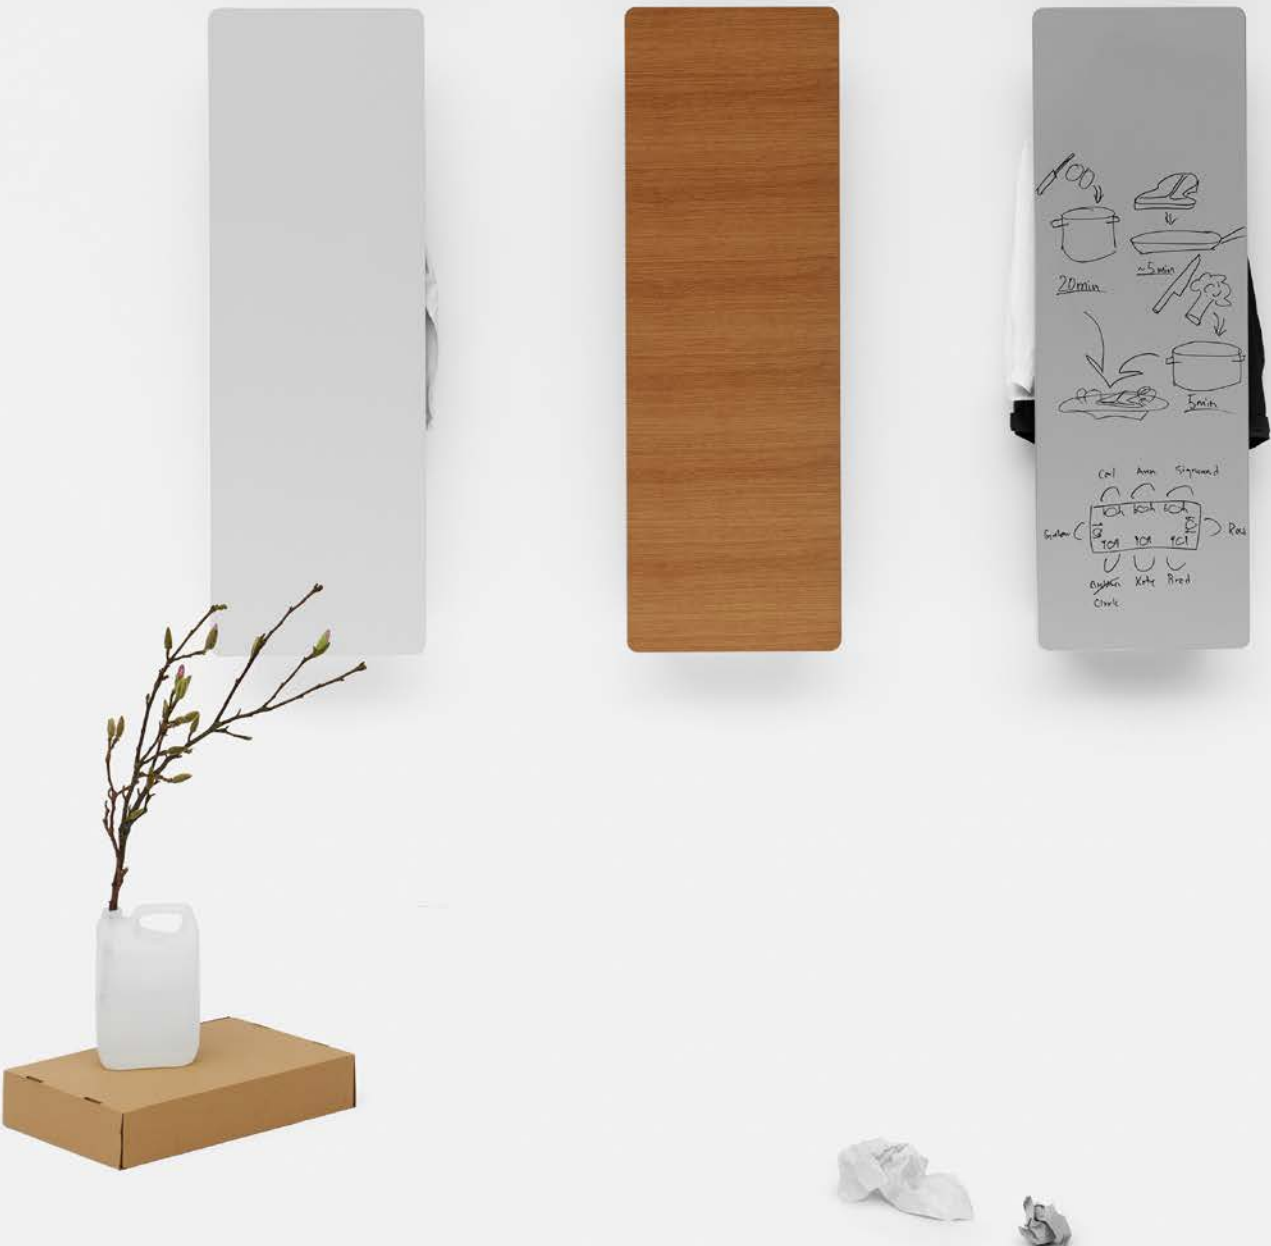

The Piece table is available with a cable hatch and slit which can be contrast coloured for effect. The cable tray beneath the table top effectively conceals all wires and adapters.

Cabinets with doors have open backs for cable management and ventilation and cable grooves in the top (option) and bottom panel, as shown in the image top right.

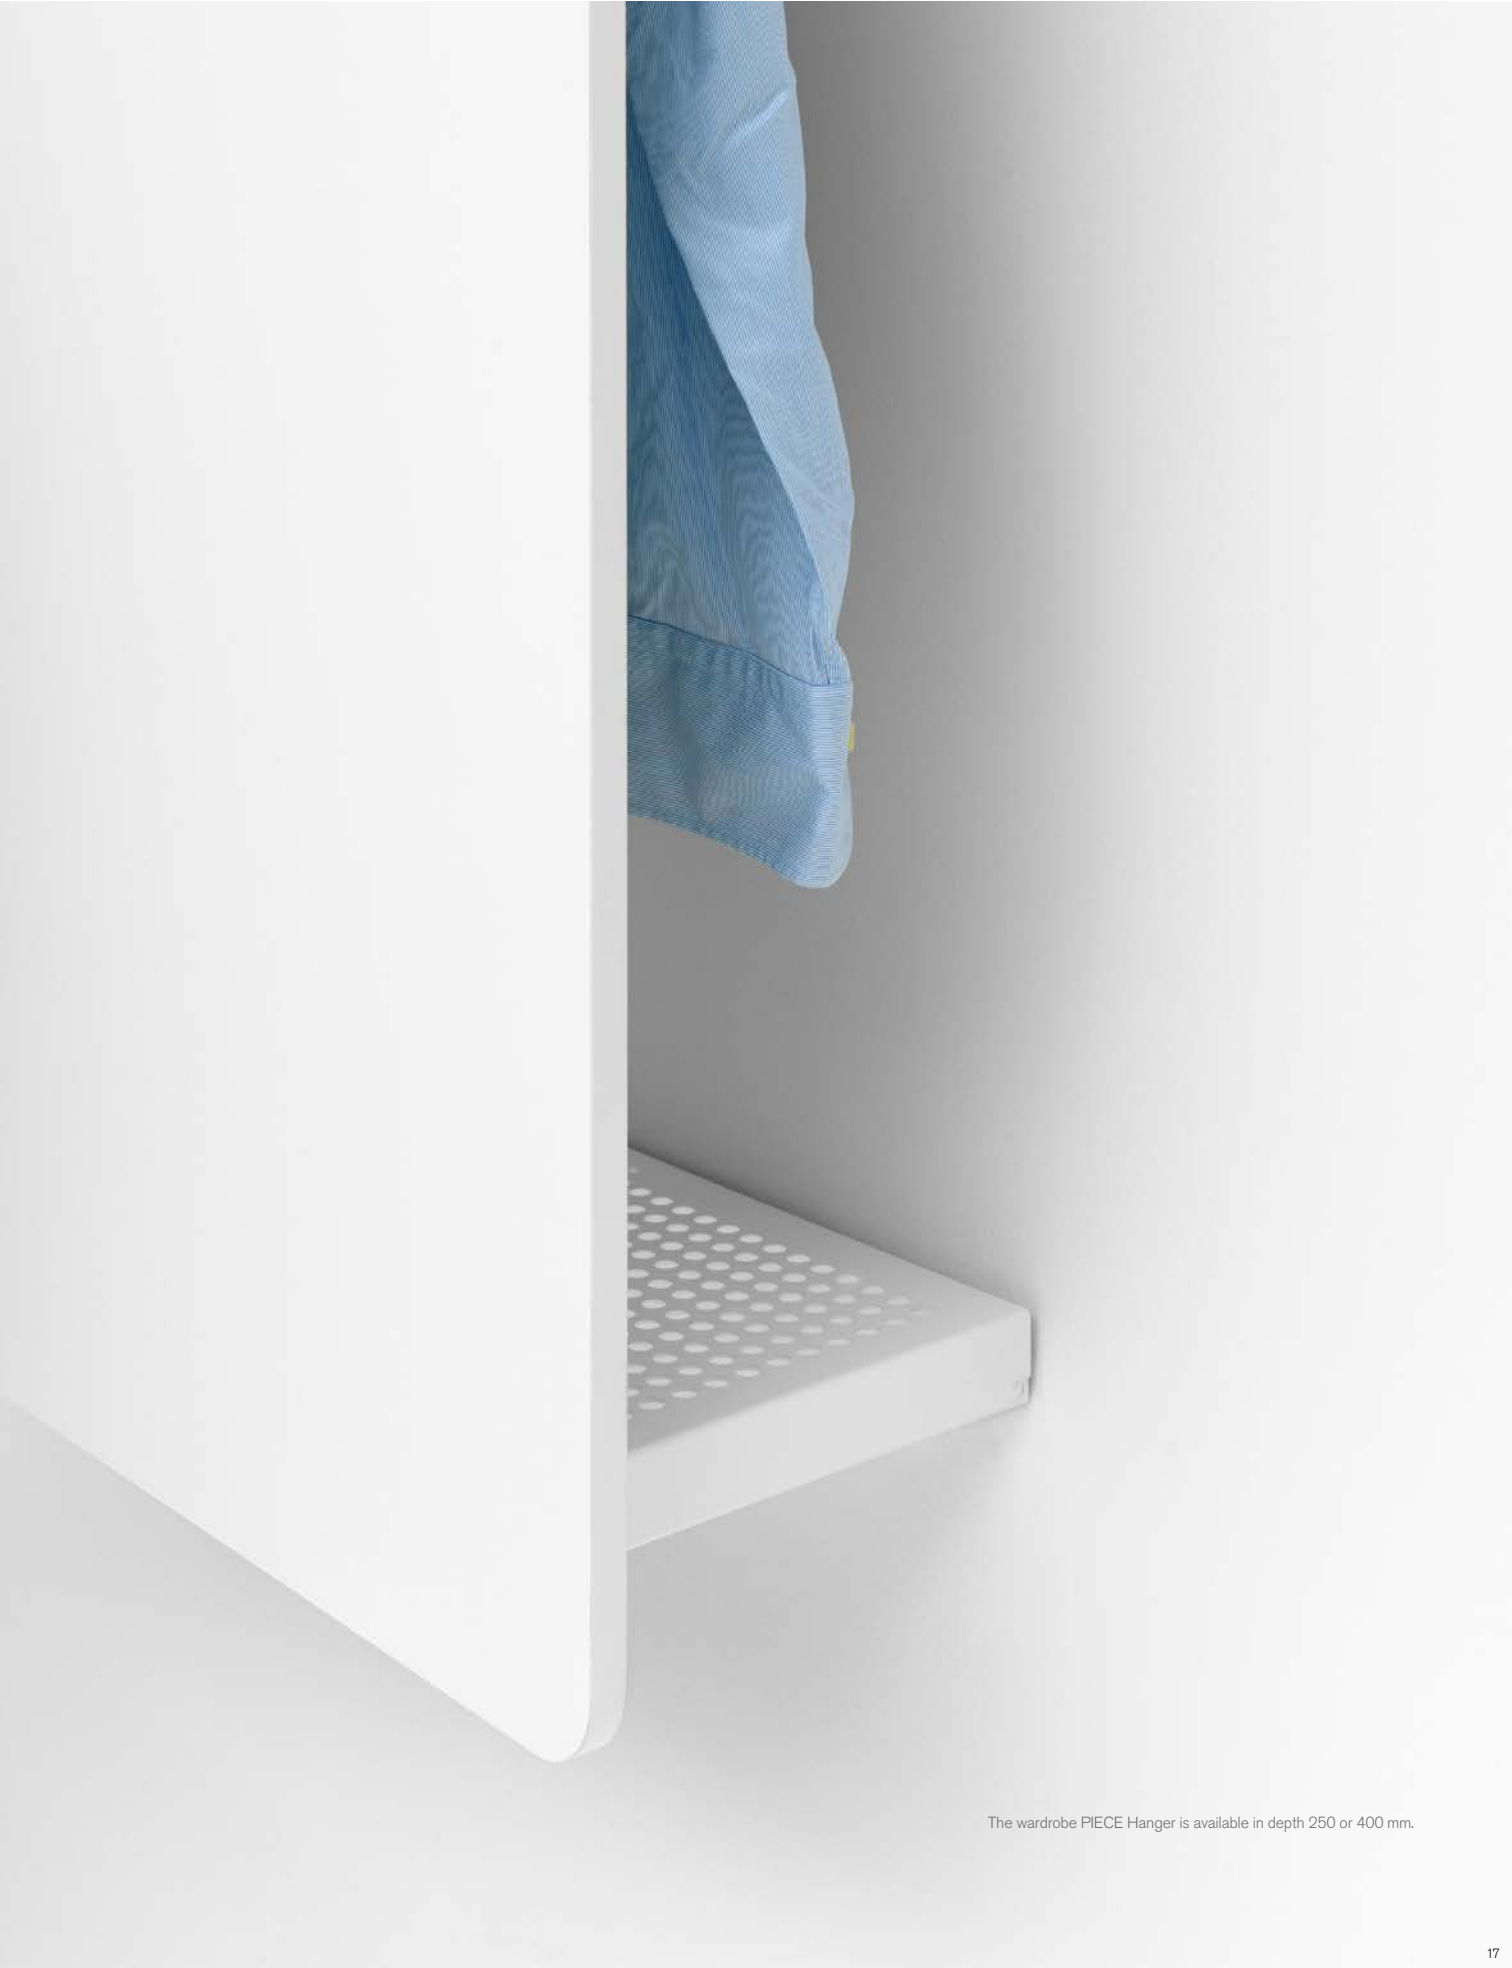

Bottom right is the laptop shelf with lockable drawer for laptop and attractive cable penetration in the top panel.

PIECE HANGER

PIECE Hanger, white lacquer. PIECE Hanger, oak veneer. PIECE Hanger, whiteboard (other colours than white is optional).

The wardrobe PIECE Hanger is available in depth 250 or 400 mm.

PIECE Open storage 1600 x 240, depth 350, white cabinet (S 0500-N), inside nougat (S 6005-Y20R).
PIECE Open storage 800 x 240, depth 350, white cabinet (S 0500-N), inside nougat (S 6005-Y20R).

TECHNICAL SPECIFICATION

The wall-mounted storage is suspended from a bevelled strip installed on the wall with a corresponding strip mounted on the storage unit.

Glass sheets in different colours are available for the shelves, to be installed over the top panel to provide a tougher surface that is easy to keep clean.

The shelves are available with or without a cable track in the top panel for easy management of media equipment cables. When installed on a shelf with a cable track, the glass top also has a cable track.

The series also contains a lockable laptop shelf which is only available as standard in top coated version.

A whiteboard in glass mounted on an MDF sheet is also available.

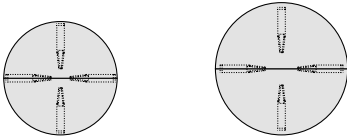

The cabinet of the Piece storage unit is manufactured of 19 mm lacquered or veneered MDF. Veneered parts such as sides, backs, sliding doors etc. are veneered on the outside and inside. The veneer is oak or white-pigmented ash. As standard there are a number of colour combinations to choose from. Shelves and storages can be combined, for example with white outsides and contrast coloured or veneered insides.

Sliding doors are available in veneered or lacquered MDF or plexiglass. The edges of the cabinet are flat and have edging strips.

Backs are manufactured from 10 mm MDF which is veneered or lacquered.

PIECE IS AN EDGE FAMILY

CLASSIC

This segment, with a focus on price, is aimed at companies and organisations that want to create workplaces for a low price. With simple but stable designs in combination with fewer versions, materials and colours, prices are kept down.

BUSINESS

The segment with a focus on function. Classic is aimed at organisations and companies that want to create customer adapted and functional workplaces with long lifetimes for a low cost over the product life-cycle.

EDGE

The segment with a focus on design, aimed at companies and organisations that see a well-designed workplace as an important competitive advantage, both when it comes to employer branding to attract and retain competent employees and for reinforcing the brand through the office.

CERTIFICATES

CERTIFIED PRODUCTION

Edsbyverken is certified according to quality and environmental management standards: ISO 9001 and ISO 14001. We expect materials from our suppliers to fulfil the criteria for environmental certification – and we require our suppliers to accept ethical and social responsibility, just like Edsbyn does.

CERTIFIED PRODUCTS

Piece tables and storage units are certified according to Möbelfakta. This means that: Technical quality standards for sustainability, stability and safety and for surface resistance. Environmental standards for materials and products. The environmental standards primarily relate to raw materials and components used during manufacture, while the product standards relate to the completed item of furniture. Producers and subcontractors undertake systematic occupational health and safety work and comply with current occupational health and safety legislation.

THE NORDIC ECOLABEL

Edsbyn was the first manufacturer of office furniture to be Nordic Ecolabelled. Our latest example of a Nordic Ecolabelled product is the Ease screen system which is manufactured from a material normally used for sound absorption in vehicles. It consists of recycled textiles and PET bottles, which makes Ease a good example of sustainable product development.

THE WORKING OFFICE

The human being is social.
So ideas and development take off
when we meet and work together. This means
the office is necessary as a meeting place even if
the work itself is changing. And new ways of working
demand new kinds of furniture that help the
office to function and the staff to deliver.

We call this
Edsbyn – the working office.
