Design

By Edsbyn

In his role as a product developer at Edsbyn, Jon uses his creative ability and deep woodworking knowledge to develop new furniture.

Jon has developed Choice Table - a complete table series that meets the needs of all workplaces, users, and businesses.

Your Choice

Few Details – Many Possibilities

The system contains few components with different stand solutions, a flexible measuring chain and a wide range of materials.

This creates many opportunities and gives a great deal of freedom to choose the design and function that best suits both users and businesses.
