“Over the years I have worked with several heritage brands, respectfully exploring their historical archives to find products that contributed to their success. With Edsbyn, I found the version of the Fanett (1955) chair designed by Finnish designer Ilmari Tapiovaara, an icon in Scandinavian design history. This beautiful windsor chair can still be found across Sweden.

So when I was asked to design an easy chair, I wanted to make it as ergonomic and elegant as possible, adding a small twist. I have used the recognisable angles of the windsor chair as a stitching pattern in the upholstered seat, symbolically linking the company’s past with its evolving future.” /Luca Nichetto
